

R25DX SPI configuration sheet (25 pcs and more)**Company:****Name:**

Please note: not every combination is possible. Please refer to following table:

Housing type	Resolution	Supply voltage (per channel)	Output (per channel)
R25	14HS	5V	SPI

Channel A and B**1. resolution and update rate:**

- 14HS (14bit, update rate 0,2 ms)

2. supply voltage

- 5 VDC

3. angle

- 360°

Channel A**4A. signal direction**

- CW (clockwise) (standard)
- CCW (counter clockwise)

Channel B**4B. signal direction**

- CW (clockwise) (standard)
- CCW (counter clockwise)
