### MY Printer

**My** is the latest hi-tech designed mini portable printer by Custom. It's ultra-light and compact with high paper capability (paper roll diameter 30mm). High printing autonomy thanks to 5 batteries: about 30mt of printed paper!

USB or RS232 interface with special cable.

Thanks to Bluetooth® technology, **My Printer** prints from Blackberry® mobile phones.

Usually Custom technology: patented opening device and chip card reader included!

Additional belt holder.

Available in shiny white or black.

### MY<sup>3</sup>

**MY<sup>3</sup>** is the new portable printer realized by Custom for professional use.

**MY<sup>3</sup>** prints on 76.2 mm paper width and is supplied through rechargeable Li-Ion battery that warrants high printing autonomy (up to 10 hours!). Is available a base for multiple recharge of **MY<sup>3</sup>** printers!

**MY<sup>3</sup>** prints "without wires" thanks to Bluetooth® 2.0 wireless technology. The supported profiles are SPP (Serial Port Profile) through this is possible to emulate a serial connection RS232.

**MY<sup>3</sup>** is able to print 1D and 2D barcode on paper thickness up to 100gr/2. Protection IP42.
