

PENTAX DSmobile 600

**A personal color scanner for high-quality images and documents
in the office or on the road**

- **Small, compact design** – Measuring 1.5” in height, 2.0” in depth, 11” in length and weighing only 12.2 ounces allows the DSmobile 600 to fit on your desktop or be a perfect traveling companion.
- **No job too small or too large** – The DSmobile 600 provides the versatility to scan media from business card size to 8.5 x 14” paper size.
- **Just add a PC** – The unique USB power/data interface draws power directly from the PC and comes with a detachable USB cable.
- **High performance with low power consumption** – The DSmobile 600 connects to a high-speed USB 2.0 interface yet consumes only 0.2W of power when in standby mode and a maximum of 2.0W of power when scanning.
- **Just a touch away from scanning** – One touch of the button on the DSmobile 600 will launch your choice of compatible scanning programs. Make a preferred scanning program your default and that one touch will initiate that program.
- **The DSmobile 600 is not just a scanner – it is a powerful scanning package** - The Pentax DSmobile 600 scanner come with everything you need to scan, straight out of the box...including the following windows® software:

DSmobileSCAN – This program allows scanned documents to be automatically saved as Adobe® Acrobat® format files. An added feature to this software is the ability to initiate a scan from the DSmobile scanner button.

PageManager® Version 7 – An updated version of the popular software used with the DSmobile USB, this software allows a user to scan and organize digitized files with the ability to view, edit, send and save files in many formats.

TWAIN – This driver allows a user to control all scanner details and settings. A user will have an array of scanning applications to choose from because TWAIN is compatible with any software application that uses TWAIN device input.

Note: TWAIN for Apple MAC OSX is available for download at www.pentaxtech.com

When exceptional quality scanning is a must and space is an issue – reach for the perfect solution - the PENTAX DSmobile 600 scanner

Scanner Specifications

Interface

USB (Universal Serial Bus)
2.0 (High Speed)
